PIR Sensor Sanitized, 2-Color NIGHT LIGHT TL233

TL233 is a smart, PIR motion sensor night light with 2-color light selection (warm white & cool white) in one device for those health conscious new generation with sanitized housing (TIO₂ additives).

FEATURES

- PIR sensor auto detection of light and motion for night light ON.
- Smart 2-color light (warm white & cool white) selection in one device.
- Sanitized TIO₂ housing for health conscious generation.
- 3 Easy Ways to Install.
- Say Goodbye to Wall Plug & Portable Anywhere.
- Long Lasting LEDs.
- Perfect Companion USB AA Rechargeable Ni-MH Battery for Portable, Convenient & Green Applications.

6 LED Motion Sensor Light

Pluggable design, no more space occupying like bulky & large tower - type air sterilizer & purifier.

PIR motion & light sensor.

Triple sterilization technology (UV-C, Plasma Ions & TIO₂) - Bacteria Removal Rate > 99.9%.

Ozone Free (<0.003 mg/m³).

Remove Odor & PM2.5.

Night Light in 3 modes - low / medium / high setting.

Maintenance - free, no consumables, no secondary pollution.

Use in both dry and moist conditions.

SPECIFICATION

- Power: 100~240V 50/60Hz
- Direct Plug In
- 4 level Light Intensity Night Light (Low-High-Mid-Off): 120 Lux Light Intensity (Low level); 350Lux Light Intensity (Mid level); 850Lux Light Intensity (High level); 350Lux
- No. Of LED: 12PCS @0.8W
- Color Temperature (Warm): 2800~3500K
- LED Lifespan: 100,000 Hours
- PIR Sensor: upto 120 degree within 5 meter
- UV Lamp wavelength: 254nm, 200µW-cm² (cool UV light), 30mm distance
- UV Lamp Life: 10,000Hours
- Plasma Ions: Negative Ions > 10 millions pcs/cm³ and Positive Ions >10 millions pcs/cm³
- Photocatalyst TiO₂ coating
- Fan: DC12V
- Airflow Volume: 6.6CFM, 11m³/h

Portable & Personal AIR STERILIZER & DEODORIZER AI408B

Healthier | Portable

FEATURES

- Adopted plasma ionic sterilization & deodorization technology.
- Safe and reliable, without any chemical substances;
- Total ion concentration > 20,000,000 pcs per cm³.
- Maintenance-free, no consumables, no secondary pollution;
- Built-in battery can be recharged and used in 3 ways to adapt to different occasions.

3 MODES OF OPERATION

MODE	OPERATION	USE SITUATION	APPLICABLE AREA
String	Plug into USB to use directly	Direct Plug In	Refrigerator, Shoe Cabinet, Wardrobe
Travel Bag	Plug into USB to use directly	Direct Plug In	Refrigerator, Shoe Cabinet, Wardrobe
Travel Bag	Plug into USB to use directly	Direct Plug In	Refrigerator, Shoe Cabinet, Wardrobe

2 WAYS TO USE

- Direct Plug into USB
- Push Button On (Portable Use)

SPECIFICATION

Applicable areas (Remove bacteria & Airborne Particulates & Harmful Substances)

Refrigerator, Shoe Cabinet, Wardrobe, Pet Room, Temple, Public Area, Flu Prevention

Personal AIR STERILIZER & DEODORIZER AI408

Healthier | Portable

FEATURES

- This product is suitable for indoor applications or where there is 5V/DC USB power supply.
- Using negative ions for sterilization & deodorization technology, air purification is safe and reliable, without any chemical substances;
- Maintenance-free, no consumables, no secondary pollution;
- Negative ion purification technology with ion concentration greater than 20,000,000 pcs per cm³.
- Possess strong sterilization and deodorizing effect.

SIMPLE MODE OF OPERATION

Plug into USB to use directly

SPECIFICATION

Applicable areas (Remove bacteria & Airborne Particulates & Harmful Substances)

Bedroom, Study Room, Pet Room, Temple, Flu Prevention

Portable & Personal AIR STERILIZER & DEODORIZER AF1328

Your "Prime Choice" of Personal Hygiene Product

Healthier | Portable

Generate plenty of NEGATIVE IONS to give FRESH CLEAN air supply

FEATURES

- Built-in negative ions generator to purify air (kill bacteria & virus, odor & air pollutants removal, etc);
- TiO₂ mesh filter to strengthen bactericidal effect under photocatalysis (light activation);
- Built-in Control Speed Button, 2 level speed choice;
- Rechargeable;
- Portable, light weight and easy to carry;
- Great for work, school, beach, travel and more;
- Take the air sterilizer everywhere you want to be;
- 3 colors - White, Pink, Blue.

SPECIFICATION

Model	AF1328
Battery	1800mAh Battery 3.7V/2000mAh
Negative Ion Concentration	3,000,000 pcs per cm ³
TiO ₂ Filter	25µm, 5mm thick
Output Power (Max)	3W
Charging Time (H)	2-3 hours
Working Time (H)	Mode 4 hours, Strong 2.5 hours
Charging Current (A)	5V/1A

In Car AIR STERILIZER & DEODORIZER WITH DUAL USB CHARGER & LIFE HAMMER PCC2818B

FEATURES

- Powered by connecting to car cigarette lighter socket.
- Clean air by producing a large number of negatively charged ions (negative ions) so as to sterilize and offset the unpleasant odor in the car.
- Providing fresh and sterilized air.
- Two USB charging ports. Total output current is 4.2A, each port output current is 2.1A.
- Life-saving hammer for emergency escape.

SPECIFICATION

Brand	CST	Output	5V 2.1A*2
Product	In Car Air Sterilizer & Deodorizer	Input	12V 24A
Model	PCC2818B	Negative Ion Conc.	3,000,000 pcs/cm ³
Negative Ion	Silent, Safe & No Pollution	Design Style	Viper Style
Size	74*40*130mm	Product Color	Black, White, Pink
Function	Air disinfection inside car cabin, break glass windows, charging mobile phone & tablet.		
Features	Breaking glass function adopts highly explosive X18 force for emergency efficiency.		
Break	Little force is required to break the glass.		
Technology	The output adopts BCD programme with leading world-class BCD chip, high power 4.2A current output efficiency, low heat dissipation, intelligent identification power cut-off.		
Material	ABS + PC + POM

Multi-function MOSQUITO REPELLENT CAMPING LANTERN WITH COOLING FAN, RADIO & LED LIGHT MCL88

Suitable for outdoor camping and hiking. Includes the following features: Cooling Fan, flashlight, lantern diverse light, FM radio, mosquito repellent.

SPECIFICATION

Input voltage/current	5V/2A (max. 1A/Micro USB, smart charger)
Rechargeable battery charge time	6 hours
Battery type/capacity	Li-Ion/5,800mAh
Flashlight	LED, 1 x 3.0V, 50mg upto 36H
Camping light	24 LEDs, Strong upto 18H, Low upto 36H
Cooling Fan	Medium upto 2H, Low 18H
FM radio	Light 36H under standalone use
Mosquito repellent	1.8x10 360H under standalone use
Weather resistance	IPX5
Static current in shutdown mode	50µA
Operating conditions	0 to + 45°C, 60 ± 25% RH (non-condensing)
Storage conditions	-20 to + 60°C, 60 ± 25% RH (non-condensing)
Dimensions (L x W x H)	183 x 110mm
Weight	510g
