AIR STERILIZER & DEODORIZER

Ai408
(Upgraded Version)

Healthier | Portable

FEATURES

- This product is suitable for indoor applications or where there is 5V/DC USB power supply.
- Using negative ions for sterilization & deodorization technology, air purification is safe and reliable, without any chemical substances;
- Maintenance-free, no consumables, no secondary pollution;
- Negative ion purification technology with ion concentration greater than 20,000,000 pcs per cm³. Possess strong sterilization and deodorizing effect.

SIMPLE MODE OF OPERATION

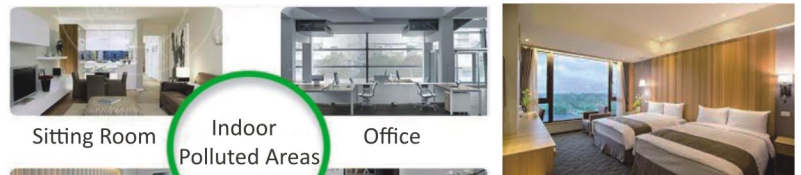

Plug into USB
to use directly

No Battery Inside

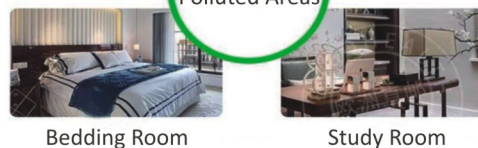

Applicable areas (Remove bacteria & Airborne Particulates & Harmful Substances)

SPECIFICATION

Working Voltage	DC5V±10%
Working Current	< 200mA
Negative Ion Conc	> 20,000,000 pcs/cm ³
Size	43.3x33x67mm
Weight	83g

Hotel Rooms
(especially casinos)

Pet Room

Temple
