

## Company Profile

**SMART TEAM HOLDINGS LIMITED** was founded in 2010, which is a company committed in designing, R & D, manufacturing and selling varieties of portable power banks both for domestic and abroad market. Series of new-design products with multifunction have been produced here, including power banks, Solar power banks, charger flashlights, rechargeable hand warmers, car chargers, etc.

Our company has set up professional production bases in Shenzhen , with the floorage of 3500 square meters. Now we have more than 50 experienced workers. Our annual production capacity has reached 1 million PCS, with annual sales of 6 million US dollars. As one of the World power bank suppliers, we have enjoyed a good reputation from overseas customers.

Our worldwide sales network already covers countries in Europe, North America, Western Europe and Japan and South Korea etc. All the products in Smart Team have passed CE, FCC and ROHS certification. In order to fall into step besides the global motive power and renewable energy market, we develop perfect modern enterprise management system, which has been certificated by ISO9001:2000. Basing on this Quality Management System, we made a strict production process control to guarantee the product quality. With a highly qualify R&D team inheriting the theory that "people first, technology is the highest", we focus on the consumers' good experience from the products and then design portable power products for them that bring great convenience.

In addition, our professional production base can ensure providing high quality portable mobile power products and other value-added services for worldwide customers. Under the guidance of our brand philosophy's "quality first, customers first, market-oriented and customer-core", we continue to blaze new trails in mobile power bank production field and create much more value for customers.

To become century enterprise and get sustainable growth is our central goal, quality, integrity, innovation and responsibility are our power source. Our constant aim is to strike roots in China & HK and face the world, thus make great efforts to become one of the top leading manufacturers of portable power banks! We are on the way and your support is our treasury!

Assembly Line

### Dream

Being the leading compang in the new energy field.

### Value

Innovation, returns to shareholder, benefit workers, responsible for society.

### Mission

Providing customers with valuable, environment friendly and clean power supply.

### Service concept

Serve for customers, pursuit 100% satisfaction of customers.

## Charger Flashlight

# Charger Flashlight

## PP14650A

### eXtra-Slim 1W LED Charger Flashlight (4 modes of flashlight)

- **Input / Output** : 5V 500mA
- **Battery Capacity** : 1200 mAh Lithium battery
- ~ 500+ charging cycles
- **Smart LED status indicators**
- **Torch / Signal LED Intensity** : 95 LUX
- **Protection against over-charge, over-discharge and short-circuit**
- **Size** : 19.5 x 122.17 mm (Torch Head : Ø23 mm)
- **Weight** : 56.1 g

Extra-Handy for portability

## PP18650A

### 7-LED Charger Flashlight (4 modes of flashlight)

- **Input / Output** : 5V 500mA (can upgrade to 5V/900mA (input) and 5V/1A (output))
- **Battery Capacity** : 1300 mAh Lithium battery (can upgrade to 2600mAh)
- ~ 500+ charging cycles
- **Smart LED status indicators**
- **Torch / Signal LED Intensity** : 95 LUX
- **Protection against over-charge, over-discharge and short-circuit**
- **Size** : 24.3 x 125.12 mm (Torch Head : Ø29.2 mm)
- **Weight** : 75.1 g

Good for promotional giveaway

## PP18650B

### 1W LED Charger Flashlight (4 modes of flashlight)

- **Input Voltage** : 5V 900 mA
- **Output Voltage** : 5V 1A
- **Battery Capacity** : 2200 mAh Lithium battery
- 500+ charging cycles
- **Smart LED status indicators**
- **Torch / Signal LED Intensity** : 95 LUX
- **Protection against over-charge, over-discharge and short-circuit**
- **Size** : 23 x 23 x 129mm (Torch head : Ø29mm)
- **Weight** : 90 g

Rubberized surface finish

## PP18650C

### 1W LED Charger Flashlight C (4 modes of flashlight)

- **Input Voltage** : 5V 900 mA
- **Output Voltage** : 5V 1A
- **Battery Capacity** : 2200 mAh Lithium battery
- 500+ charging cycles
- **Smart LED status indicators**
- **Torch / Signal LED Intensity** : 95 LUX
- **Protection against over-charge, over-discharge and short-circuit**
- **Size** : 24.3 x 125.12mm (Torch head : Ø29.2mm)
- **Weight** : 75.1 g

Value for Money

## PP26650C

### 1W LED & High Capacity Charger Flashlight (4 modes of flashlight)

- **Input Voltage** : 5V 900 mA
- **Output Voltage** : 5V 1A
- **Battery Capacity** : 3000-3300 mAh Lithium battery
- 500+ charging cycles
- **Smart LED status indicators**
- **Torch / Signal LED Intensity** : 95 LUX
- **Protection against over-charge, over-discharge and short-circuit**
- **Size** : 38.5 x 136.8 mm
- **Weight** : 185 g

Rubberized surface finish

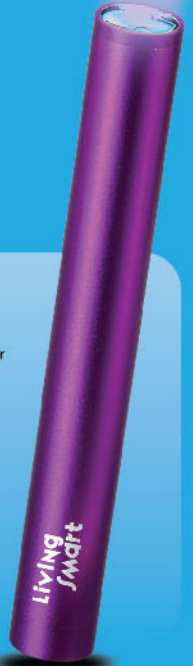

## PT4400F

### PowerTube 4400 with 1W LED (Dust & Water-Proof, IP56)

- **Lithium ion battery** : 4400 mAh
- **Input** : 5V 0.5~0.9A (Smart charge current depends on the output current of AC Power Adapter)
- **Output** : 5V 2.1A
- **Capacity indication** : 0~80% charging : Red / over 80% charge : Green and 100~10% discharge : Green / below 10% discharge : Red
- **Flashlight** : 1W LED (4 modes)
- **Size** : 24 x 212 mm
- **Weight** : 147 g

With silicon dust cover

## PT2200F

### PowerTube 2200 with 1W LED (Dust & Water-Proof, IP56)

- **Lithium ion battery** : 2200 mAh
- **Input Voltage** : 5V 500 mA
- **Output Voltage** : 5V 1A
- **Capacity indication** : 0~80% charging : Red / over 80% charge : Green and 100~10% discharge : Green / below 10% discharge : Red
- **Flashlight** : 1W LED (4 modes)
- **Size** : 24 x 131mm
- **Weight** : 82 g

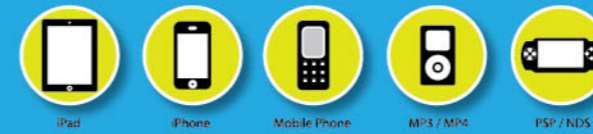

With silicon dust cover

## PT10000F

### PowerTube 10000 with 2 x 1W LED (With O-ring for water-proof and structural design on resistance to vibration and dropage)

- **Lithium ion battery** : 2600x4 mAh (10,400 mAh)
- **Input Voltage** : 5V 900 mA (Smart charge current depends on the output current of AC Power Adapter)
- **Output Voltage** : 5V 2A
- **Flashlight** : TWO x 1W LED
- **Size** : 197 x 45 x 23 mm
- **Weight** : 320 g

\* All come with one input cable  
All with short-circuit, over-charge and over-discharge protection
