

PCC18-A & PCC18-B 3-IN-1 CAR JUMP STARTER

PCC18-A (white & Red LED)

PCC18-B (White LED)

MULTI-FUNCTION

18,000mAh high capacity battery

USB power

DC power

Effortless start the 12V - 3.5L gasoline car

LED Flashlight

A very practical auto accessory for more than just emergencies

Packing a lot of power in a small package, newer portable car starters can really save the day in an emergency. They're great for traveling on vacation because they also have charging ports or USB ports to keep your favorite portable electronic devices fully charged. Your kids will thank you!

It's so compact that you will be able to store it virtually anywhere in your car out of the way until you need it.

1. Jump Start Your Car

Easy-to-use vehicle jump starter can be setup in a matter of seconds to jump start your battery and can be used multiple times up to 50 before needing a charge.

2. Mobile Charging

2 USB ports (5 V/DC 2.1A x 2) to support charging most of your portable electronic devices which can also be a lifesaver in an emergency when you need your mobile phone the most. Can charge 2 devices at the same time.

3. Laptop Charging

Power bank includes 12V/16V/19V DC output with a switch for easy voltage selection 3 voltage/current modes to choose → DC 12V/3A, 16V/3A, 19V/2.5A

4. Built-in LED Flashlight with Warning Signal

Built-in ultra-bright LED flashlight

PCC18-A

White Light : "dim" → "medium" → strong
Warning lights : red & white flash alternatively.

PCC18-B

White Light : "dim" → "medium" → strong.

5. LED indicators

5 LED status lights monitor battery level

Blue LED of power indication - 20%-40%-60%-80%-100%

Green LED of charging indication

ERR indication of operating temperature if too high

6. Safety

Provides safety protection against overcharging, over-discharge, over-current, and short-circuit

Safety measures certified by CE, FCC, and RoHS

TECHNICAL DATA

Battery	18,000 67Wh (6000mAh x 3S, 3.7V)
Input	15V Max 1A, Max Charging Voltage Limit: 18V
Output (2 USBs)	5V /DC 2.1A + 2.1A
Output (DC)	3 Modes: 12V/3A, 16V/3A, 19V/2.5A
LED	PCC18-A: 10 Whites & 8 reds LEDs, PCC18-B: 3W LED
Self-discharge Current	<=100uA (Standby Mode)
Sleep Current of MCU	<2uA
Charging Time	Approx x 4-5h
Operating conditions	0 to +45 °C, 10 - 85 % RH
Storage conditions	-10 to +60 °C, 10 - 85 % RH
Dimensions	89.5x230x35mm
Weight	701g

PCC2014 CYLINDRICAL CAR JUMP STARTER

Jump Start Your Vehicle Without All the Hassle - Comes with a jumper cable cord that easily plugs into the battery booster.

MULTI-FUNCTION

Car Jump Starter, Mobile charger, Flashlight, SOS, Warmer

Patented

MULTI-FUNCTIONS

USB power

Charge all electronic devices such as various cellphones, PSP, MP3/MP4, PDA etc with 4 USB ports at a max of 5A

Car Jump Starter

Effortless start the 12V-3.5L gasoline car upto 20 times

LED Flashlight

Built-in super bright LED flashlight comes with low & strong modes.

Warning & SOS lights

Both red & white LEDs flash alternatively or together

Warmer

Extra fast start up warmer function in 2 seconds

Strong Magnet

Adhere car jump starter to flat surface vertically in hand-free mode

Perfect companion at all the time while you are driving on camping expeditions, travel, riding, boating, and during cold winter months.

1. Jump Start Your Car

Easy-to-use vehicle jump starter can be setup in a matter of seconds to jump start your battery and can be used multiple times up to 20 before needing a charge.

2. Mobile Charging

4 USB ports (Total 5A) to support charging most of your portable electronic devices which can also be a lifesaver in an emergency when you need your mobile phone the most. Can charge 4 devices at the same time.

3. LED Flashlight

Low and strong modes of white light for illumination.

4. Warning Lights & SOS

2 modes of red & white light flash : 1) alternatively and 2) together.

5. Hand Warmer

Fast warmer start up in 2 seconds.

6. Strong Magnet

Adhere the product to flat top surface in hand-free mode.

7. LED indicators

4 LED status lights monitor battery level

Blue LED of power indication - 25%-50%-75%-100%

8. Size & Shape (Patented)

Just the size of a soft drink can for placement and easy access from your car drink holder

9. Safety

Adopted with advanced intelligent circuitry and multiple security protection design: Over-charge, over-discharge, short-circuit, over-heat protection

Safety measures certified by CE, FCC, and RoHS

TECHNICAL DATA

Battery	12000 mAh (4000mAh x 3S/3.7V)
Input	12-24V/2A Max
Charging Time	2.5-3H (Under car start condition)
Output	5V/5A Max (4 USB ports)
Discharge Time	1.5H (Under max output current in an independent mode)
Operating conditions	0 to +45 °C, 10 - 85 % RH
Storage conditions	-10 to +60 °C, 10 - 85 % RH
Dimensions	66x157mm
Weight	637.5g
