

# AIR STERILIZER & DEODORIZER WITH DUAL USB CHARGER & LIFE HAMMER

## FEATURES

- Powered by connecting to car cigarette lighter socket.
- Clean air by producing a large number of negatively charged ions (negative ions) so as to sterilize and offset the unpleasant odor in the car.
- Providing fresh and sterilized air.
- Two USB charging ports. Total output current is 4.2A, each port output current is 2.1A.
- **Life-saving hammer for emergency escape.(Optional)**

## SPECIFICATION

Brand	CSTT	Output	5V 2.1A*2
Product	In Car Air Sterilizer & Deodorizer	Input	12V-24A
Model	PCC2818B	Negative Ion Conc	3,000,000 pcs/cm <sup>3</sup>
Negative ion	Slient, Safe & No Pollution	Design Style	Viper Style
Size	74*40*130mm	Product Color	Black, White, Pink
Function	Air disinfection inside car cabin, break glass windows, charging mobile phone & tablets.		
Features	Breaking glass function adopts highly explosive X10 force for leverage efficiency.		
Break	Little force is required to break the glass.		
Technology	The output adopts BCD programme with leading world-class XL4015 chip, high power 4.2A current output efficiency, low heat dissipation, intelligent identification power cut off.		
Material	ABS + PC + POM		

## LIFE HAMMER (Optional)
